

MILD CREME CLEANSER WITH
PUMICE

PART NUMBER(S):

EQ2020

32 FL OZ (0.946 L)

Enviro Creme™ is an eco-friendly formula developed with mild organic acids and very fine abrasive particles that will not scratch. It safely removes tarnish and rust from oxidized metal surfaces, restoring them to its original beauty without the use of harmful chemicals. It cleans baked-on grease build-up on metal surfaces such as baking trays, pots, pans, appliances and fixtures. Enviro Creme™ can be used in bathrooms to remove hard-water deposits on stainless steel, copper, bronze, aluminum, porcelain, ceramic tile, shower glass-doors, chrome fixtures, tubs, fiberglass, granite, and most hard surfaces. Enviro Creme™ can also be used to clean and bring back the shine to car headlights and remove passivation found on welded metal surfaces. Its creamy texture delivers clinging action, prevents run-off and reduces waste.

WHO: Custodians, facility maintenance personnel, hospitality staff, schools, hospitals, restaurant owners, welders, construction and maintenance, sheet metal shops, transportation, car detailing shops

WHERE: Stainless steel, chrome fixtures, copper, bronze, aluminum, porcelain, ceramic tiles, shower glass-doors, tubs, toilets, urinals, fiberglass, baking trays, pots, pans, appliances and fixtures, car headlights, welded metal surfaces

WHAT: Tarnish, rust, oxidation, mineral deposits, soils, stubborn stains, grease, soap scum, scuff marks, passivation from welding

FEATURES AND BENEFITS:

- Eco-friendly
- Creamy consistency
- Will not scratch surfaces

DIRECTIONS: SHAKE WELL BEFORE USE. For most situations, simply apply enough products to cover the affected area and wipe off. If possible, use circular motion for best results. If the stain is stubborn, allow the product to dwell for up to several hours. NOTE: Do not use on pH sensitive surfaces such as marble, pewter, painted surfaces, gold or silver jewelry, lacquered metals or anodized aluminum.

ACTIVE INGREDIENTS: Pumice (1332-09-8), Phosphoric acid (7664-38-2), Citric acid (77-92-9), Diethylene glycol monobutyl ether (112-34-5).

HMIS RATINGS: Health: 1; Flammability: 0; Reactivity: 0; Personal Protection: B.
