ENVIRO KLEEN

HIGH PERFORMANCE SAFER ACID
REPLACEMENT CLEANER

PART NUMBER(S):

EQ2350

32 FL OZ (0.946 L)

EB2350-4

1 GAL (3.785 L)

EB2350-5

5 GAL PAIL (18.927 L)

EB2350-55

55 GAL DRUM (208.198 L)

Enviro Kleen is an innovative multi-functional cleaner that combines the high cleaning performance of an acid with the mildness of liquid dish soap. Its powerful formula effectively and efficiently removes hard water stains, ruts, soils, grease, and scuff marks from a variety of surfaces. Enviro Kleen acid replacement was developed to provide maintenance personnel with unmatched results without harming people or the environment. **NOTE: This product should not be used on marble. Test on an inconspicuous area before using.**

WHO: Custodians, maintenance crews, building engineers, plumbers, air conditioning maintenance, car detailing shops, public transportation, fire departments, bar and restaurant owners, machine shops, parking garages, hospitals, school districts, hospitality, marine maintenance

WHERE: Stainless steel, cooper, brass, aluminum, concrete, ceramic, stone, porcelain, brick, fiberglass, grouting, floor and walls, air conditioning units, humidifiers, vending machines, ice machines, machinery, fire engines, tiles, food surfaces, vents, steam tablets, fish tanks, coffee makers, blenders, appliances filters, fixtures, cabinets, toilets, urinals, tubs, showers, sinks, doors, shower heads, taps, counters

WHAT: Rust, calcium (hard water scale), soap scum, lime, grease, beer stone, milk stone, scuff marks, stains, soils, discoloration

FEATURES AND BENEFITS:

- Non-fuming and non-caustic.
- Works like an acid with the mildness of soap.
- Biodegradable and environmentally safe.

DIRECTIONS: Enviro Kleen can be used full strength or with the recommended sprayer or foamer diluted with up to 25 parts of water, depending on the application, the surface and the severity of the soil. Apply Enviro Kleen and let stand a sufficient amount of time depending on the severity of the soil. Heavy deposits may require light scrubbing with a brush. Wipe with cloth, sponge or swab, and rinse thoroughly with clean water. Spot check on an inconspicuous area first. Avoid contamination of food in the use and storage of this product. Surfaces subject to direct food contact must be rinsed with potable water.

ACTIVE INGREDIENTS: Water (7732-18-5); Organic Salt (506-89-8); Alcohol Ethoxylate (68991-48-0); Anti-Staining Solution (Proprietary); Sodium Lauriminodipropionate (14960-06-6).

HMIS RATINGS: Health: 2; Flammability: 0; Physical Hazard: 0; Personal Protection: B.
