

NEW GENERATION HYGIENIC
COIL CLEANER WITH QUATERNARY
AMMONIA COMPOUND

PART NUMBER(S):

EA560

AEROSOL CAN NET WT 20-19 OZ

Pure Quat™ is a new generation hygienic coil cleaner designed to purify the coil as it cleans. It features a proprietary quaternary ammonia compound formula with a high pressure valve for deeper penetration into the coil. Pure Quat™ will help open up restricted air flow due to build up in the coil surface. With regular preventative maintenance schedule in place, it greatly improves heat transfer and reduces head pressure, while optimizing system capacity. This specialized coil cleaner helps improve indoor air quality and aids in the breakdown of cold water slime in the pan. No rinsing is required on the evaporator coil.

WHO: HVAC maintenance, building engineers, hospitality, maintenance crews, automotive, public transportation, hospitals, school districts.

WHERE: Air conditioners, radiators, roof heating and cooling units, wall and window units, ventilators, dryers, ice machines, refrigerators.

WHAT: Dirt, grease, dust, lint, slime.

FEATURES AND BENEFITS:

- Purifies coils and aids in breakdown of slime in pans
- Features high pressure valve and thick clinging foam
- No rinsing required on evaporator coils

DIRECTIONS: Turn off A/C unit prior to using. Shake Pure Quat well prior to using. Coat the entire surface positioning can 6 to 8 inches from surface. Let Pure Quat dwell for up to 5 minutes depending on severity of buildup on the surface to be cleaned. Watch Pure Quat break down dust, dirt, grease etc. while the expanding foam begins to work. Turn A/C unit on, no rinsing is required on the evaporator coil. On the condenser coil a final water rinse is required. Make sure to rinse the entire surface removing all Pure Quat from the applied area.

ACTIVE INGREDIENTS: Water (7732-18-5), Ethylene Glycol Monobutyl Ether (111-76-2), Butane (106-97-8), Isobutane (75-28-5), Propane (74-98-6), Isopropyl Alcohol (67-63-0), Sodium Metasilicate (6834-92-0).

HMIS RATINGS: Health: 1; Flammability: 1; Physical Hazard: 0; Personal Protection: B.
