

TECHNICAL DATA SHEET

RUST EXTERMINATOR

NON-CHLORINATED RUST
NEUTRALIZER

PART NUMBER(S):

EA165

AEROSOL CAN NET WT 16-11 OZ

Rust Exterminator chemically neutralizes rust and leaves a tough, long term, rust preventative coating. Seals, protects and prolongs the life of ferrous metal. Rusted area turns to a black protective finish. Upon curing, the protective barrier can be painted if desired. **NOTE: Wearing chemical resistant gloves is recommended.**

WHO: Painters, HVAC technicians, plumbers, building engineers, mechanics, welders, fleet departments, sheet metal shops, public works, municipalities, public transportation, power plants, gas and oil companies.

WHERE: Rusted metals, condensate pans, railings, rusted pipes, industrial equipment, buses, car suspensions, railroad equipment, marine equipment, aircraft parts, oil rigs, snow plow equipment, shovels, storage tanks.

WHAT: Corrosion, rust.

FEATURES AND BENEFITS:

- Stops corrosion
- Seals ferrous metals and protects from rust
- Paintable after curing

DIRECTIONS: 1. For best results, workpiece and can should be at room temperature (above 65°F.). 2. Surfaces must be clean, dry and free of grease, dirt and oil. Remove loose rust and paint with coarse sandpaper or a wire brush. 3. Before using, shake can until ball rattles freely for at least one minute. Holding the can 8 to 10 inches from the surface, spray a thin, even coating onto the rusted metal. Avoid over application, sagging and dripping. A second application is advised only after allowing for complete drying of initial application. Final application will dry to a black finish. May be painted after curing for approximately 6 hours. **CAUTION:** Use with adequate ventilation. Intentional misuse by concentrating and inhaling the product can be harmful or fatal.

ACTIVE INGREDIENTS: Acetone (67-64-1), Butane (106-97-8), Isopropyl Alcohol (67-63-0), Propane (74-98-6), Propylene Glycol Methyl Ether (107-98-2), Tannic Acid (1401-55-4) and Toluene (108-88-3).

HMIS RATINGS: Health, 3*; Flammability, 4; Physical Hazard, 0; Personal Protection, X. *=Chronic
