

## TECHNICAL DATA SHEET

# ULTRA BAC™

NATURAL ORGANIC WASTE  
DIGESTANT AND ODOR  
COUNTERACTANT IN ONE

**PART NUMBER(S):**

EB2203-4

1 GAL (3.785 L)

EB2203-5

5 GAL (18.927 L)

Ultra Bac™ is the ultimate bacterial digestant formulated to eliminate existing organic waste and odors, as well as prevent future drain and odor problems in an effective and safe way. This revolutionary blend of proprietary ingredients and highly concentrated suspension of bacterial spores provides you with continuous and long-lasting results. Powerful and resilient bacteria strains quickly multiply and produce seven different enzymes to actively digest a variety of heavy organic waste, including paper. The already diluted Ultra Bac contains 300 billion bacteria per gallon to give you more efficient and effective digestive action in both aerobic and anaerobic conditions. With its dual counteracting technology the odor control takes place instantly and continues through the course of bacterial decomposition of organic matter, the most common source of malodors. Our hand-selected fragrance adds an attractive element to the overall value of Ultra Bac™. In addition, the proprietary formula is fortified with ingredients that have been specially developed to keep the product stable up to two years.

**WHO:** Plumbers, custodians, facility maintenance personnel, office building engineers, hospitality staff, restaurant owners, hospitals, schools, apartments, dog kennels, nursing homes, wastewater treatment plants, prisons, transportation, waste management facilities

**WHERE:** Drains, grease traps, sewers, septic tanks, porta toilets, trash cans and compactors, carpets and upholstery, floors, surface odors, toilets, urinals, holding tanks

**WHAT:** Fat, grease, oil, starch, organic waste, vomit, feces, urine, paper and more

**FEATURES AND BENEFITS:**

- Billions of 7 bacteria strains
- Non-toxic, non-acid and non-alkaline
- Certified Salmonella and E.Coli free

**DIRECTIONS:** To formulate Ultra Bac into a high count bacterial digestant: Dilute 1 part of this concentrate with 10 parts of water to make a ready to use Ultra Bac. Blend well and package immediately.

**ACTIVE INGREDIENTS:** Water (7732-18-5), Bacterial Spore (Proprietary), Surfactant (166736-08-9), Odor Counteractant (Proprietary), Non Formaldehyde Preservative (55965-84-5), Fragrance (Proprietary), Color (Proprietary).

**HMIS RATINGS:** Health: 0; Flammability: 0; Reactivity: 0; Personal Protection: B.
