

TECHNICAL DATA SHEET

URATIC SALTS REMOVER

FAST-ACTING MINERAL DEPOSIT
CLEANER

PART NUMBER(S):

EQ3071

32 FL OZ (0.946 L)

Uratic Salts Remover is formulated to safely and effectively remove uric salts, hard water residue, rust stains, soap scum, calcium and other mineral deposits from urinals, toilet bowls, porcelain, and plumbing fixtures. It controls odors and is safe on all plumbing, including PVC plastic and all metal pipes. Its odorless feature allows you to use the product during business hours. For best results, use our Uratic Salts Remover as part of your preventative maintenance program.

WHO: Plumbers, custodians, facility maintenance personnel, office building engineers, hospitality staff, restaurant owners.

WHERE: Urinals, toilet bowls, pipes, plumbing fixtures, tiles, grout, concrete floors

WHAT: Uric salts, calcium deposits, mineral deposits, rusty stains, water yellow rings, hard water residue, soap scum.

FEATURES AND BENEFITS:

- Odorless
- Safe on plumbing
- Controls odors

DIRECTIONS: Wear safety goggles and Nitrile, Neoprene, PVC or latex gloves for your protection when handling this product. If possible, back-flush toilet For urinal to remove standing water. For Urinals, Pour 6-8 ounces per urinal, let product work for few minutes, then flush the urinal. Repeat if necessary. Use 3-4 times weekly to control build-up. for Vitreous Areas, Pour 1-2 ounces of the product onto a bowl mop and apply thoroughly to all interior vitreous areas. Let product work for a few minutes. Flush bowl; rinse mop. Note: Do not place container on Formica or any other porous surface. For very old surfaces test a small inconspicuous area to determine if glaze or enamel surface is removed. If so, discontinue use immediately.
