

Product Name:
ENVIRO SCREEN – 60 DAYS

Part Number(s):
EB9999-BLG (Bamboo Lemon Green)

Product Description:
Enviro Screen's unique design virtually eliminates urine splash-back, while providing a pleasant aroma in the surrounding bathroom space. Containing a proprietary resin with an anti-microbial, Enviro Screen helps prevent cross-contamination of disease-causing bacteria. By having Enviro Screen in your urinals, you will reduce the number of customer complaints about bathroom quality and lower overall cost of cleaning and operation. Each screen lasts 60 days or more, over twice as long as any comparable product, and complies with California and federal VOC regulations.

WHO: Restaurants, hospitals, nursing homes, wastewater treatment plants, jails, hotels, high rises, transportation, etc.

WHERE: Urinals, waterless urinals.

WHAT: Eliminates urine splashback, while providing a pleasant aroma in the bathroom.

FEATURES AND BENEFITS:

- Specifically designed for heavily trafficked public restrooms like those found in restaurants, hotels, convention centers, and hospitals.
- Made from a flexible plastic material that conforms to the shape of the urinal, allowing flow-through while trapping any debris.
- Infused with an anti-microbial, proprietary resin that uses timed-release deodorant technology, keeping restrooms smelling fresh for up to 60 days or longer.

DIRECTIONS:

Place one screen per urinal. Replace with fresh screen after 60 days or when no longer emitting fragrance. Screens may last even longer depending on restroom traffic.

ACTIVE INGREDIENTS (CAS NUMBER):

Proprietary Resin (N/A)

NFPA RATINGS:

Health: 1; Flammability: 0; Reactivity: 0
