

# NO SLIME STRIPS

BIOCIDAL TREATMENT  
FOR CONDENSATE PANS

**PART NUMBER(S):**

EB7201 (10 TON UNITS)

EB7202 (20 TON UNITS)

No Slime Strips are a biocide treatment for keeping condensate drain pans and lines free of algae and slime commonly found in condensate pans. Each biocide strip is encapsulated in a plastic net, so it won't clog the drain. No Slime Strips feature a slow-release formula; one strip will last 6-12 months depending on humidity level. Regular use of No Slime Strips will help prevent drain pan overflows, musty, foul odors, algae and bacteria growth responsible for Legionnaires' disease.

**WHO:** HVAC maintenance, building engineers, hospitality, maintenance crews, hospitals, school districts, government facilities, facility maintenance personnel

**WHERE:** Air conditioning drain pans, dehumidifiers, computer room equipment, coolers, refrigerated vending machines, display cases and cold storage walk-ins

**WHAT:** Algae, slime, sludge, odor

**FEATURES AND BENEFITS:**

- Kill algae and bacteria in condensate pans
- Aid in prevention of Legionnaires' disease
- Slow release formula lasts up to 12 months

**DIRECTIONS:** Place No Slime Strip in condensate pan. Monitor usage and replace tablet when completely dissolved.

**ACTIVE INGREDIENTS:** 2-Propanol, 1-(1,1-dimethylethoxy) (57018-52-7)

**HMS RATINGS:** Health: 2; Flammability: 0; Physical Hazard: 1; Personal Protection: B
