

## TECHNICAL DATA SHEET

# CITRA SHINE™

HIGH PERFORMANCE CITRUS  
DUSTER AND POLISH

**PART NUMBER(S):**

EA558

20-18 NET WT OZ

Citra Shine™ is a unique dust blocking cleaner and polish. This no silicone and no wax formula can be used directly on surfaces or applied on cloths and mitts. Citra Shine™ dusts, polishes and shines in one simple step. It leaves no silicone or waxy build-up, reduces dust accumulation and preserves the beauty of the surface. Citra Shine™ effectively and efficiently restores life and brilliance to wood surfaces and adds a beautiful gloss to less porous surfaces. It can be successfully used on marble, solid synthetic, laminated, plastic, stainless steel, baked enamel, wood blinds, cabinets, baseboards and paneling. Citra Shine™ eliminates dust fly-away and leaves a lasting shine. It features a 360° spray-anyway valve.

**WHO:** Custodians, housekeepers, maintenance crews, building engineers, fire departments, bar and restaurant owners, sign shops, carpenters

**WHERE:** Marble, solid synthetic, laminated, plastic, stainless steel, baked enamel, wood blinds, cabinets, baseboards and paneling

**WHAT:** Dust, dirt, smudges, fingerprints, soils

**FEATURES AND BENEFITS:**

- Dusts, polishes and shines in one step
- Contains no silicone or wax
- Leaves no build-up

**DIRECTIONS:** SHAKE WELL BEFORE USE. Hold can 6-8 inches from surface. Spray Citra Shine™ directly onto surface or onto dust cloth or mitt. Wipe surface immediately. To enhance appearance, turn cloth to dry side and polish to a high shine. NOTE: Not intended for use on floors. Protect floors from overspray to prevent slippery conditions.

**ACTIVE INGREDIENTS:** Water (7732-18-5); White Mineral Oil (8042-47-5); d-Limonene (5989-27-5); Polyethylene Glycol Nonylphenol Ether (9016-45-9); Liquefied Petroleum Gas (68476-86-8).

**HMIS RATINGS:** Health: 2; Flammability: 2; Physical Hazard: 0; Personal Protection: X
